

# Sample case 1: EMEA and UK Specialty Insurance market landscape

## SAMPLE CASES

### Key questions

### Challenges/ Issues

### Approach & results

- What is the **size of the UK and EU specialty insurance market** in terms of the talent pool, specifically comparing **Brokers and Senior Brokers**?
- What are the **key talent pool development indicators by Line of Business** in the specialty insurance market?
- What does the **global deal landscape** look like for the key European players in the specialty insurance market?
- Varying organizational structures and roles make it difficult to clearly segment Brokers from Non-Brokers
- Diverse Lines of Business and highly varied product offerings add complexity
- High deal volumes across sub-brands and regions make tracking market activity challenging
- Analyzed the commercial insurance market landscape by mapping key competitors and their offerings across various Lines of Business, providing a clear market overview
- Developed a comprehensive list of roles and responsibilities for the top 10 commercial insurance brokers in the EU, successfully identifying key broker segments by Line of Business
- Analyzed regional deal activity, segregating Private Equity and Corporate deals for deeper insights.
