# Sentiment drivers | Target: Consumers appreciate the effectiveness and quality

## CONSUMER SENTIMENT

/ AMAZON / AI-ANALYSIS, DIRECTIONAL

### Target (N=5,203)

### Commentary

#### Effectiveness

"I'm thrilled with the **positive impact** Target's Adrenal Focus has had on both myself and my 13-year-old. After using it, I noticed a significant improvement in my teen's concentration at school. The **product is effective**"

"**Helps** the littles **relax and sleep soundly**"

"It's thick, but **very good and effective!**"

"**Didn't work** for my kids"

#### Taste

"**Great taste!**"

"The **taste is really delightful**"

"This product **tastes awful**. I tried it the first time by itself. Then next time I tried with juice. I am unable to take it because of the taste. I'm disappointed because I believe it has great benefits."

"**Doesn't taste good** and there was something I couldn't finish chewing in one of the gummies"

#### Quality of Ingredients

"Great **Melatonin-free** and **Sugar-free** options"

"Tasty gummy with **max amount of D3**, meant for older kids"

"Organic vitamins **all natural ingredients**"

"Toddler approved, **clean ingredients**"

#### Ease of consumption & digestion

"The supplement is **easy to take** and has a pleasant, mild taste."

"I love these **easy to digest enzymes**. They have definitely helped with the bloating and allows faster digestion."

"Love these for the whole family. **Easy to digest** and easy for the whole family to take daily"

"While I like the brand and ingredients, **the format is a tough sell** to our kids. You can't compete with gummies these days and asking them to drink something viscous and somewhat intense... it just isn't going to happen."

Note: Based on sample of reviews between Jan 2023 and Nov 2023, sampled such that avg. rating of the sample is in line with overall avg. rating for the brand; negative signs for representation purpose only

## Commentary

Taste	<p>“Customer service is awful; the <b>taste is worse than awful</b>- I was very excited about the vitamins and bought a wide variety- <b>each was worse than the other.....</b>”</p> <p>“I want to like the <b>taste, but it doesn’t do it for me !</b> Please make a chew, spray or gummy with magnesium!.”</p>
Value for Money	<p>“They <b>are ok</b> for what they are but <b>not worth the price.</b>”</p> <p>“This product is ok, but it is <b>expensive</b> and there are not as many servings as u would think for such a large bottle. .... It’s ok if you need this sort of product, but I <b>don’t see enough benefit</b> to warrant buying it again”</p>
Effectiveness	<p>“This is a great women’s daily. I <b>notice a difference when I am taking these versus when I am not!</b> I recommend these!”</p> <p>“These gummies are a <b>terrific way to boost your collagen consumption</b> if you’re looking for a simple and scrumptious way to do so”</p>
Quality of ingredients	<p>“what I like about the product: - <b>less sugar</b> than other gummy vitamins - <b>Good quality ingredients and non-gmo.....</b> ”</p> <p>“Fantastic products, pure, high quality, <b>no fillers or Toxic ingredients.</b> Excellent company.”</p>
Ease of consumption	<p>“This is a good brand. They are <b>easy to swallow</b> with no taste or aftertaste. I can’t always tell if/when a probiotic is working but I’ve used other supplements in this brand before and <b>I trust it.</b>”</p> <p>“Target’s vitamins are the best choice for my family.....<b>The liquid vitamins are really easy to consume!....</b>”</p>

# Target is strong on product/ purchase-stage metrics; scope to improve discoverability via sponsored ads & better organic positioning on industry keywords

## FUNNEL / OPTIMIZATION

## AMAZON

Key: Performance scale

Strong

Average

Weak

Found

Not Found

	Metric	Target	Peer 3	Peer 1	Peer 2	Peer 4	Peer 5	Explanation
SEE (off-site)	Product Listing Ads (leading to Amazon)							For brand-name search on Google, Target has 2 PLAs (Google Shopping Ads) that link to the product page on Amazon. Peer 2 and Peer 4's also have 2 each, while Peer 5 & Peer 3 have 1 such ad each.
	Social media campaigns (Amazon co-branded)							No brand has its product advertised as a co-branding with Amazon on Facebook & Instagram ads in the last 12 months
	Google search result leading to Amazon page of brand							For brand-name search on Google, Target has a search result in top 10 that leads to its listings page on Amazon. No other brand has such a result, organic or paid.
SEE (on-site)	Brand Hub/Store							All brands have a dedicated store on Amazon. It helps a brand showcase all its hero products and highlight promotions, benefits, etc.
	Display and video ads							Based on a sample of ~15 high-volume keywords, Target has no media ads, while Peer 1 and Peer 2 lead with 3 each. Display and video ads capture immediate attention help drive awareness & sales.
FIND (on-site)	Sponsored listings							Target has no sponsored SKU on any of the 30 industry keywords analysed. Peer 3 and Peer 2 have sponsored listings on ~10 keywords each.
	Appearance in featured brands							Based on a sample of 15 high-volume keywords, Target makes an appearance in the list of brand filter ~85% of the times, similar to Peer 1, 2, and 3.
	Total listings and Amazon badges							Target has ~25 listings (cumulative) on top 30 VMS industry keywords, while Peer 3 leads with over 70. Target is strong on "liquid", "vegan" and "organic" multivitamin keywords (2 or more listings – all organic) but has a single or no listing for other more generic VMS keywords and no Amazon badges.
	% Appearance in top-20 spots							Based on a sample of 15 keywords, Target has a presence in top results (first 4 rows) for ~50% of them, similar to Peer 1, 2, and 3.
BUY (on-site)	Product title & description*							Target's hero SKUs have detailed product titles (using high-volume SEO keywords) and detailed product description bullet points.
	Product images and videos*							Good use of multiple high-quality images and videos by Target. Pictures clearly specify supplement facts, suggested use, and benefits
	Price range distribution							On the first page results for a brand (VMS category), Peer 3 and Peer 1 have the widest range available (~\$5 to ~\$200 for bundle/ pack SKUs). Target has SKUs ranging from ~\$10 to ~\$75.
	Subscribe & Save option							~80% of the listings of Target have the option to "subscribe & save" – helpful for retaining customers and building brand loyalty.
	Stock availability							~90% of Target's SKU listings have no low stock or out of stock issues.
	Ratings & Reviews							Target has strong customer advocacy with – 80% NPS/ 4.5 overall avg. rating across its SKUs
